MASTER INDEX TO VOLUMES 141–150

PHYSICS LETTERS A

A journal devoted to the rapid publication of short communications in all fields of Physics excluding Nuclear Physics and Particle Physics.

INSTRUCTIONS TO AUTHORS

Submission: Contributions, written in English, should be sent to the editor whose expertise covers the research reported and with whom the author can communicate efficiently.

Editorial Board, addresses and primary interests:

V.M. AGRANOVICH
Institute of Spectroscopy,
USSR Academy of Sciences,
Troitsk, Moscow obl. 142092, USSR
Fax: (095) 334-08-86

General Physics
Gravitation
Physical Principles of Astronomy

In case of doubt, contributions can be submitted directly to the publisher addressed to Physics Letters A, Elsevier Science Publishers B.V., P.O. Box 103, 1000 AC Amsterdam, The Netherlands. However, it should be realized that such papers will have to be forwarded to one of the editors, which will result in some delay.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without the written permission of the Publisher, Elsevier Science Publishers B.V., P.O. Box 103, 1000 AC Amsterdam, The Netherlands.

Special regulations for authors. Upon acceptance of an article by the journal, the author(s) will be asked to transfer copyright of the article to the publisher. This transfer will ensure the widest possible dissemination of information.

Submission to this journal of a paper entails the author's irrevocable and exclusive authorization of the publisher to collect any sums or considerations for copying or reproduction payable by third parties (as mentioned in article 17 paragraph 2 of the Dutch Copyright Act of 1912 and in the Royal Decree of June 20, 1974 (S.351) pursuant to article 16b of the Dutch Copyright Act of 1912) and/or to act in or out of Court in connection therewith.

Special regulations for readers in the USA. This journal has been registered with the Copyright Clearance Center, Inc. Consent is given for copying of articles for personal or internal use, or for the personal use of specific clients. This consent is given on the condition that the copier pays through the Center the per-copy fee stated in the code on the first page of each article for copying beyond that permitted by Sections 107 or 108 of the US Copyright Law. The appropriate fee should be forwarded with a copy of the first page of the article to the Copyright Clearance Center, Inc., 27 Congress Street, Salem, MA 01970, USA. If no code appears in an article, the author has not given broad consent to copy and permission to copy must be obtained directly from the author. All articles published prior to 1981 may be copied for a per-copy fee of US $ 2.25, also payable through the Center. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotion purposes, or for creating new collective works. Special written permission must be obtained from the publisher for such copying.

No responsibility is assumed by the Publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein. Although all advertising material is expected to conform to ethical standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

JOURNALS IN PHYSICS - 1991

Applied Surface Science
Volumes 47-54 in 32 issues. Price: US $1460.75/Dfl.2600.00

Chemical Physics
Volumes 149-157 in 27 issues. Price: US $1972.00/Dfl.3510.00

Chemical Physics Letters
Volumes 175-185 in 66 issues. Price: US $2997.25/Dfl.5335.00

Computer Physics Communications
Volumes 61.65 in 15 issues. Price: US $1446.75/Dfl.2575.00

Fluid Dynamics Research
Volumes 8 and 9 in 12 issues. Price: US $348.25/Dfl.620.00

Journal of Crystal Growth
Volumes 105-113 in 36 issues. Price: US $3539.50/Dfl.6300.00

Journal of Luminescence
Volumes 49-51 in 18 issues. Price: US $699.75/Dfl.1245.00

Journal of Magnetism and Magnetic Materials
Volumes 94-102 in 27 issues. Price: US $2199.50/Dfl.3915.00

Journal of Non-Crystalline Solids
Volumes 127-136 in 30 issues. Price: US $2163.00/Dfl.3850.00

Journal of Nuclear Materials
Volumes 176-184 in 27 issues. Price: US $2199.50/Dfl.3915.00

Materials Letters
Volumes 10 and 11 in 24 issues. Price: US $393.50/Dfl.700.00

Materials Science Reports
Volumes 6 and 7 in 16 issues. Price: US $376.50/Dfl.670.00

Nuclear Instruments and Methods in Physics Research - Section A
Accelerators, Spectrometers, Detectors and Associated Equipment
Volumes 297-309 in 39 issues. Price: US $4309.00/Dfl.7670.00

Nuclear Instruments and Methods in Physics Research - Section B
Beam Interactions with Materials and Atoms
Volumes 53-61 in 36 issues. Price: US $2983.25/Dfl.5310.00
Reduced combined 1991 subscription to Nuclear Instruments and Methods in Physics research - A and B:
Price: US $6612.75/Dfl.11,770.00

Nuclear Physics A
Volumes 521-535 in 60 issues. Price: US $4255.75/Dfl.7575.00

Nuclear Physics B
Volumes 347-365 in 57 issues. Price: US $5390.50/Dfl.9595.00
Reduced combined 1991 subscription to Nuclear Physics A and B:
Price: US $7927.00/Dfl.14,110.00

Nuclear Physics B - Proceedings Supplements
Volumes 19-23 in 10 hardcover issues
Price: US $702.25/Dfl.1250.00
Reduced 1991 subscription if combined with Nuclear Physics B or Nuclear Physics A and B: US $578.75/Dfl.1030.00

Optics Communications
Volumes 80-85 in 36 issues. Price: US $1230.50/Dfl.2190.00

Physica A - Statistical and Theoretical Physics
Volumes 170-179 in 30 issues. Price US $1994.50/Dfl.3550.00

Physica B - Condensed Matter Physics
Volumes 168-174 in 28 issues. Price: US $1396.25/Dfl.2485.00

Physica C - Superconductivity
Volumes 172-184 in 78 issues. Price: US $2592.75/Dfl.4615.00

Physica D - Nonlinear Phenomena
Volumes 47-52 in 18 issues. Price: US $1196.75/Dfl.2130.00
Reduced rates are available for combined subscriptions to Physica - please contact the publisher for details.

Physics Letters A
Volumes 150-159 in 90 issues. Price: US $1685.50/Dfl.3000.00

Physics Letters B
Volumes 253-271 in 76 issues. Price US $3202.25/Dfl.5700.00

Physics Reports (including Computer Physics Reports)
Volumes 201-214 in 84 issues. Price: US $2359.75/Dfl.4200.00
Reduced combined 1991 subscription to Physics Letters A, Physics Letters B & Physics Reports: Price: US $6281.00/Dfl.11,180.00

Solar Energy Materials
Volumes 23 and 24 in 8 issues. Price: US $320.25/Dfl.570.00

Solid State Ionics
Volumes 44-50 in 28 issues. Price: US $1180.00/Dfdl.2100.00

Surface Science
Volumes 241-257 in 51 issues. Price: US $4145.75/Dfl.7395.00

Surface Science Reports
Volume 14 in 8 issues. Price: US $182.75/Dfl.325.00
Reduced combined 1991 subscription to Surface Science (including Surface Science Letters), Applied Surface Science and Surface Reports: US $5368.00/Dfl.9555.00

Ultramicroscopy
Volumes 37-41 in 20 issues. Price: US $955.25/Dfl.1700.00

Please note that prices are subject to exchange rate fluctuations. The Dutch guilder price is definitive, unless otherwise stated. All prices include postage & handling charges. Please contact the publisher for information on delivery rates.

P.O. Box 103, 1000 AC Amsterdam, The Netherlands

Elsevier Science Publishers, Journal Information Center, PO Box 882, Madison Square Station, New York, NY 10159, U.S.A.

404/j/jnls.105

INSTRUCTIONS TO AUTHORS *(continued from page 2 of cover)*

The manuscripts should be submitted in triplicate, one copy of which is the typewritten original.

All contributions will be refereed. The editors reserve the right to edit contributions, whenever necessary, and to refuse papers which in their opinion do not satisfy conditions as to standard or contents. Linguistic corrections not affecting the meaning will be carried out by the publisher.

By submitting a paper for publication in Physics Letters the authors imply that the paper has not been published previously nor has been submitted for publication elsewhere.

Manuscripts should be typed on one side of the paper, with double spacing and a wide margin. The title page should contain title, author(s), address(es) and abstract. The main text should start on a new page.

The *length* of the papers is not formally limited, but expedient and compact formulation, appropriate to a letters journal, is expected. The editor may require the removal of figures, lengthy introductions, derivations, descriptions of apparatus or speculations if these are not essential for the efficient and clear communication of important new results. An *abstract* of less than 50 words is required.

The drawings for the *figures* must be submitted on separate sheets, drawn in black India ink and carefully lettered (with the use of stencil), in such a way that they can be reduced to a one-column width. Sharp and contrast glossy prints are also acceptable. If requested, original drawings will be returned to the author(s) upon publication of the paper.

Corrections and modifications. Once the paper has been accepted for publication, minor corrections should be sent directly to the publisher (see below). Extensive modifications should be sent to the editor, while the publisher should be notified to hold publication. Authors may be charged with the costs of necessary retypesetting.

After acceptance of the paper for publication, all further correspondence (except extensive modifications, see above) should be sent to the publisher (Drs. H.A. Arends, Editorial Department, North-Holland Physics, P.O. Box 103, 1000 AC Amsterdam, The Netherlands; telephone number (020) 5862638), and not to the editors.

More elaborate instructions to authors can be found at the end of each volume.

Page charge and reprints: There is no page charge. Twenty-five reprints of each article will be supplied free of charge. Additional reprints may be ordered from the Publisher; an order form is sent to contributors upon acceptance of their communications.

SUBSCRIPTIONS

PHYSICS LETTERS A and PHYSICS LETTERS B will each be published weekly. For 1991 10 volumes, volumes 150–159 (90 issues altogether) of Physics Letters A have been announced. The subscription price for these volumes is Dfl. 2700.00 (US$ 1517.00). Postage and handling amount to Dfl. 300.00 (US$ 168.00). Therefore the total price is Dfl. 3000.00 (US$ 1685.00). For 1991 19 volumes, volumes 253–271 (76 issues altogether) of Physics Letters B have been announced. The subscription price for these volumes is Dfl. 5130.00 (US$ 2882.00). Postage and handling amount to Dfl. 570.00 (US$ 320.00). Therefore the total price is Dfl. 5700.00 (US$ 3202.00).

PHYSICS REPORTS will be published approximately weekly. For 1991 14 volumes, volumes 201–214 (84 issues altogether) of Physics Reports have been announced. The subscription price for these volumes is Dfl. 3780.00 (US$ 2124.00). Postage and handling amount to Dfl. 420.00 (US$ 236.00). Therefore the total price is Dfl. 4200.00 (US$ 2360.00).

The price for a combined subscription to the 1991 volumes of Physics Letters A, Physics Letters B and Physics Reports is Dfl. 11180.00 (US$ 6281.00), including postage and handling.

Dutch guilder prices are definitive; dollar prices are for guidance only.

Subscriptions may be sent to your subscription-agent, bookseller or to the Publisher: ELSEVIER SCIENCE PUBLISHERS B.V., Journals Department, P.O. Box 211, 1000 AE AMSTERDAM, THE NETHERLANDS.

Claims for missing issues should be made within two months following the date of publication. The Publisher expects to supply missing issues free only when losses have been sustained in transit and when stock will permit.

Special regulations for authors. Upon acceptance of an article by the journal, the author(s) will be asked to transfer copyright of the article to the Publisher. This transfer will ensure the widest possible dissemination of information.

Submission to this journal of a paper entails the author's irrevocable and exclusive authorization of the Publisher to collect any sums or considerations for copying or reproduction payable by third parties (as mentioned in article 17 paragraph 2 of the Dutch Copyright Act of 1912 and in the Royal Decree of June 20, 1974 (S.351) pursuant to article 16b of the Dutch Copyright Act of 1912) and/or to act in or out of Court in connection therewith.

Special regulations for readers in the USA. This journal has been registered with the Copyright Clearance Center, Inc. Consent is given for copying of articles for personal or internal use, or for the personal use of specific clients. This consent is given on the condition that the copier pays through the Center the per-copy fee stated in the code on the first page of each article for copying beyond that permitted by Sections 107 or 108 of the US Copyright Law. The appropriate fee should be forwarded with a copy of the first page of the article to the Copyright Clearance Center, Inc., 27 Congress Street, Salem, MA 01970, USA. If no code appears in an article, the author has not given broad consent to copy and permission to copy must be obtained directly from the author. All articles published prior to 1981 may be copied for a per-copy fee of US$ 2.25, also payable through the Center. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotion purposes, or for creating new collective works. Special written permission must be obtained from the Publisher for such copying.

No responsibility is assumed by the Publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein. Although all advertising material is expected to conform to ethical standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

Indispensable Handbooks:

Handbook on Ferromagnetic Materials
Handbook on Semiconductors
Handbook on Synchrotron Radiation
Handbook on the Physics and Chemistry of Rare Earths
Handbook on the Physics and Chemistry of the Actinides
Handbook of Plasma Physics
Laser Handbook

Book Series:

Cohesion and Structure
Current Physics-Sources and Comments
Defects in Solids
Dislocations in Solids
Dynamical Properties of Solids
Enrico Fermi International Summer School of Physics
Les Houches Summer School Proceedings
Materials Processing: Theory and Practices
Modern Problems in Condensed Matter Sciences
Niels Bohr Collected Works
North-Holland Delta Series
North-Holland Personal Library
Progress in Low Temperature Physics
Progress in Optics
Selected Topics in Solid State Physics
Studies in Statistical Mechanics

...and of course a large variety of books.
